TOT 1-4: Tot skaters must be 6 years of age or under on November 2nd, 2016. One-minute program must include the required test maneuvers from their level. Skaters cannot perform any additional maneuver from a higher level except a snowplow stop.

PRE-ALPHA – DELTA SOLO: Program must include the test level requirements and one additional maneuver from Freestyle 1.

STROKING (Alpha – Delta only): Skaters compete together in groups wearing colored numbers for easy identification by the judges. They do forward stroking around the rink in both directions. Forward crossovers are optional and will not be judged.

FREESTYLE 1-10: Program emphasis on the required test level maneuvers. Various skill requirements depending on the level.

ARTISTIC 1-10 (Freestyle levels only): Program with emphasis on strong edges, flow, choreography, innovative moves and music interpretation. There is no score for technical ability in this event.

FOOTWORK 1-10: A one-minute program to music using various turns and connecting steps.

INTERPRETIVE: Skaters hear a piece of music 1 time off-ice and 2 times during the group warm-up and then mentally choreograph a skating routine to it. Emphasis is on the skater's ability to choreograph to the music and not on the difficulty of the skating maneuvers performed.

PAIR 1-10: Similar to couples, but programs include pair lifts and pair spins.

FIGURE 1-10: Skaters perform required figure from their test level 3 times on each foot

COUPLE 1-10 (Similar/Mixed): Two skaters perform their routine to music, which requires maneuvers from their current Freestyle test level. This event is like a Freestyle skating program by two skaters in unison.

RHYTHMIC 1-10 (Ball/Hoop/Ribbon): Skaters incorporate prop into skating routine while performing various maneuvers to music.

Each level will also be divided into **Character/Dramatic/Light Entertainment** categories so **please mark the correct category on your entry form.**

FAMILY SPOTLIGHT: Two or more family members can perform an entertaining spotlight program together. This event is usually divided by the number of skaters only and not by categories or level as in Couple Spotlight events.

HOLIDAY SPOTLIGHT: Programs that are holiday themed.

SOLO SPOTLIGHT: Program that is entertaining and "fun" to emphasize the skater's acting ability. Three event categories include –

- a) **Character** – a famous, easily identifiable character
- b) **Dramatic** – a theatrical performance that sets a mood and evokes an emotional response
- c) **Light Entertainment** – to entertain / light-hearted
- d) **Couples Spotlight**-skating together entertaining using costumes and props

For all Spotlight events, all props must be carried on and off the ice by the skater in one trip in less than 30 seconds.

SURPRISE EVENT: (All Levels): This is a "fun" event where individual skaters are grouped together by age & skating levels. The skaters don't know what they will be asked to do until the event begins. This event usually consists of tasks not necessarily related to skating ability.

HOCKEY EVENTS – (Skating & Shooting)

Hockey Skating: Skater skates 1 lap forward around the rink with the puck on the stick. They drop the puck, and then turn backwards to skate 1 lap backwards with the stick but without the puck. Skater with the fastest time wins.

JUMP & SPIN (2-Person Team): Low / Medium / Intermediate / High): Two skaters enter the ice as a team. SYNCHRONIZED TEAMS: A group number for 8 or more skaters to perform in unison.
Please check current *ISI Handbook* for event details.
